We are trying something different at our training meeting! We've had questions from our members last year and this year, curious about the current software available that assists with background investigations. We also will have presenters discuss/review the administration of polygraphs and CVSA (Computer Voice Stress Analyzer) that are used for background investigations and what each tool does. NOTE: The association is NOT endorsing ANY of the products; the presentation is an overview of the products available and how they are used.

****PLEASE NOTE****

LOBBY DOORS WILL BE UNLOCKED AT 0815;

CHECK IN WILL BEGIN AT 0830

COFFEE BY STARBUCKS AND FOOD BY PORTOS!!
